Civil Air Patrol Aerospace Education Teacher of the Year award reminder

Civil Air Patrol Aerospace Education Teacher of the Year. An annual award established to recognize outstanding performance in the classroom. Nominees must be Civil Air Patrol members and certified classroom teachers from grades kindergarten through twelfth from any public, private, or parochial school. Nominees must either teach aerospace education as a subject or use aerospace education to enrich the teaching of traditional subjects. Although the CAP Teacher Award is an annual award presented to a teacher, the accomplishments of the nominee need not be limited to the year for which the award is given. The award recognizes dedicated and talented aerospace education teachers who set high standards for students and demand excellence in student performance; strive to improve their personal academic competence and teaching ability; perform their teaching duties in an exemplary manner, resulting in admiration by students; demonstrate creativity in developing and utilizing materials to enhance the teaching of aerospace; and maximize student involvement and classroom activities to improve student learning or create and develop a one-time project or program for such significance that it has a major impact on the teaching of aerospace education. Nominations describing the member's contributions will be forwarded through the chain of command to National Headquarters which will convene a CAP AE Teacher of the Year selection committee. For additional nomination information see CAPR 280-2, Civil Air Patrol Aerospace Education Mission. Nomination deadlines are as follows:
